\*The information NASHP compiled about this state was not confirmed by the state’s Medicaid or MIECHV officials.

\*\* Some states have more than one home visiting program or may not be clearly defined under the categories listed, resulting in some duplication or variation in totals.

Specific information about state Medicaid programs' reimbursement of home visiting services was collected and analyzed from state Medicaid managed care contracts, state policy manuals, and other publicly available materials.

---

<sup>1</sup> High-risk pregnancy includes consideration of the mother's age (less than 17 or older than 35), previous negative pregnancy outcomes, and those with existing medical conditions prior to becoming pregnant (e.g., high blood pressure, diabetes, sexually transmitted diseases).

<sup>2</sup> NFP services will be [reimbursed](#) once per month, per participating family unit/NFP Client ID in the amount of \$765.47. The first date of service eligible for payment was July 1, 2022.

<sup>3</sup> If a certified nurse-midwife chooses to discharge a low-risk mother and newborn from the hospital early (less than 24 hours), the certified nurse-midwife may provide a home visit to the mother and baby within 72 hours of the hospital discharge or the certified nurse-midwife may request an early discharge home visit from any clinic that provides perinatal services. Arkansas Medicaid Health Care Providers, Provider Manual Update Transmittal No. 59. <https://www.sos.arkansas.gov/uploads/rulesRegs/Arkansas%20Register/2005/jun-2005/016.06.05-047.pdf>

<sup>4</sup> Each SafeCare evidence-based home visiting program activity typically involves one assessment session and five training sessions.

<sup>5</sup> The SafeCare evidence-based home visiting program is designed to improve the health and safety of young children for families with a history of child maltreatment or risk factors for child maltreatment, including young parents; parents with multiple children; parents with history of depression or other mental health problems, substance abuse or intellectual disabilities; parents being reunified with their children; parents recently released from prison and parents with a history of domestic violence or intimate partner violence. The program also serves parents of children with developmental or physical disabilities or mental health, emotional or behavioral issues.

<sup>6</sup> Hospitals will be paid a monthly rate based on the number of clients being served.

<sup>7</sup> Life360 hospitals are required to implement evidence-based home-visitation models that meet the U.S Department of Health and Human Services department's criteria as an evidence-based home visiting service delivery model (e.g. Healthy Families America, Parents as Teachers or Nurse Family Partnership) to support the mother and the child.

<sup>8</sup> "Managed Medical Assistance Program AHCA Contract," The Agency for Health Care Administration, September 1, 2021.

[https://ahca.myflorida.com/medicaid/statewide\\_mc/pdf/Contracts/2021-10-01/Exhibit II A MMA-2021-10-01.pdf](https://ahca.myflorida.com/medicaid/statewide_mc/pdf/Contracts/2021-10-01/Exhibit II A MMA-2021-10-01.pdf)

<sup>9</sup> Providers are paid on a unit-of-service basis that does not exceed one unit (encounter) per day. The rate for reimbursement for Home Visiting services is computed as follows: Compute the Total Encounters, Compute the Total Allowable Medicaid Program Expenditures, Divide the Total Allowable Medicaid Program Expenditures by the Total Encounters, Equals Reimbursable Cost Per Encounter. The Department's rates are the rates paid in all areas of the state, and all providers receive the same rate.

<sup>10</sup> Federal Financial Participation (FFP) is attached to the child, therefore, MassHealth claims FFP on spend for Medicaid eligible members receiving services from Healthy Families as a CPE.

<sup>11</sup> Service is available during both prenatal and postpartum home visit.

<sup>12</sup> \$140 per visit for HomVEE models and \$25-\$110 per visit for non-HomVEE models.

<sup>13</sup> Full list of covered services found in He-W 549.05. <https://casetext.com/regulation/new-hampshire-administrative-code/title-he-department-of-health-and-human-services/subtitle-he-w-former-d-ivision-of-human-services/chapter-he-w-500-medical-assistance/part-he-w-549-home-visiting-new-hampshire-and-childfamily-health-care-support-services/section-he-w-54905-covered-services>

<sup>14</sup> [Part He-W 547 Home Visit for Postpartum and Newborn Assessment](#). Accessed August 17, 2022.

<sup>15</sup> FFS for people who are be exempt from MCO enrollment.

<sup>16</sup> NFP is limited to 64 total visits and PAT is limited to 98 total visits.

<sup>17</sup> These services are limited to the following geographic areas: New York City, Monroe, Albany, Erie, Cayuga, Chautauqua, Nassau, Niagara, Chemung, Westchester, and Onondaga Counties.

- 
- <sup>18</sup> Ohio managed care entities fund three NFP sites using infant mortality grants. Ohio Medicaid’s Maternal and Infant Support Program is working to design a new Medicaid evidence-based home visiting benefit. Accessed August 22, 2022. <https://medicaid.ohio.gov/static/Families%2C+Individuals/Programs/MISP/Nurse+Home+Visiting+July+29+28Jul21.pdf>
- <sup>19</sup> Please see Ohio Administrative Code (OAC) 5160-21-05 <https://codes.ohio.gov/ohio-administrative-code/rule-5160-21-05> which outlines coverage and payment for nurse home visiting services.
- <sup>20</sup> Medicaid beneficiaries receiving these services must be deemed “high risk” per definition in OAC 5160-21-05 to be reimbursed by Medicaid.
- <sup>21</sup> Oklahoma Secretary of State Administrative Rules: [Admin Code 310:528-1-3](#)
- <sup>22</sup> \$13.98 per unit for Targeted Case Management.
- <sup>23</sup> The Office of Child Development and Early Learning (OCDEL)-supported NFP programs may be able to bill Medicaid for home visits if the child has Medicaid and the program is using state funds from OCDEL to support the child and family.
- <sup>24</sup> \$77 per visit for the child. A unit must be at least 15 minutes.
- <sup>25</sup> As of August 30, 2022, eligible counties include Abbeville, Anderson, Barnwell, Berkley, Charleston, Colleton, Darlington, Dillon, Dorchester, Edgefield, Florence, Georgetown, Greenville, Greenwood, Horry, Lexington, Marlboro, McCormick, Oconee, Orangeburge, Pickens, Richland, Saluda, Spartanburg, Union, and Williamsburg counties.
- <sup>26</sup> Reimbursement is available for up to 40 home visits during the eligibility period.
- <sup>27</sup> The Department of Health receives Medicaid reimbursement for allowable administrative activities of nurses and support staff for its home visiting program.
- <sup>28</sup> Other non-home visiting services are available through the First Steps program including medical services, expedited drug and alcohol services, and additional services (e.g., transportation and interpreter services).
